10 reasons to live with the pack

LIVE IN COMMUNITY
Living on campus gives you opportunities to meet new people and make friends, go to campus events, join student organizations, and participate in leadership experiences.

LIVE FOCUSED
National research tells us that students who live on campus have better grade point averages (GPA) than students who live off campus.

LIVE CONVENIENTLY
Living on campus means no sitting in traffic or searching for parking. The library, classroom buildings, and on-campus dining options are less than a 10 minute walk from each residence hall!

LIVE SAFE
Safety and security is a priority on Loyola's campus, with University Police, Residential Life staff, and an on call mental health counselor are available 24 hours a day, 7 days a week!

LIVE WELL
Students living on campus have convenient access to our University Sports Complex, group fitness classes, healthy dining options, worship services, and the Student Health Center.

LIVE AFFORDABLE
At first look, living off campus may seem less expensive, however, when considering all costs (rent, food, gas, water, electricity, internet/cable, furniture, and maintenance) living on campus can be cheaper and is included in one convenient bill!

LIVE & LEARN
Sophomores, Juniors, and Seniors have the option to apply for suite and apartment style living, which offer additional amenities such common living space, kitchen access, on-site work out facility, and kitchen access.

LIVE SUPPORTED
As you adjust to life away from home, trained student and professional staff members in Residential Life are available to assist with personal and academic concerns.

LIVE FLEXIBLY
Sodexo's Uptown Campus Dining concept allows you to choose from over 25 dining options on both Loyola and Tulane's campus, including the new addition of Starbucks and locally owned Slice Pizzeria.

LIVE UPTOWN
LOCATION, LOCATION, LOCATION! Living on campus puts you in the heart of the Uptown New Orleans area including convenient access to the street car, Audubon Park and Zoo, along with great local restaurants and festivals. Living here is really a one of a kind experience!
