Wow! Time has flown. It’s hard to believe that we have been in school over a month! Remember, just because you commute to school doesn't mean that you can't be involved in organizations and clubs on campus. **Getting involved in Student Organizations** is a great way to meet new people and form friendships with your classmates. Furthermore, by being involved in student organizations, you will become more knowledgeable about what is going on around campus and thus feel more connected to it. This bi-monthly newsletter is your guide to getting involved at Loyola!

**Commuter Social**

This month our kickoff Commuter Social is co-sponsored with [University Programming Board](#) and [Student Government Association](#)! Join us in the Peace Quad on Tuesday, October 2nd, 2012 during the Window (12:30PM – 2:00PM) and enjoy some signature SGA PB&J then cool down with some freeze pops from UPB! This will be a great opportunity to meet your SGA and UPB officers and learn about upcoming events.

**Family Weekend Events**

Looking for something to do this weekend? Invite your friends and family to campus for our annual Family Weekend. Click [here](#) to view the calendar!

**Loyola Late Nights**

Each Thursday, Friday and Saturday we have [Loyola Late Night](#) events! On Thursday, join Jazz Underground at Satchmo’s for a tribute to John Coltrane. Friday night, UPB will host Family Fest with delicious snoballs from Hansen’s SnoBlitz and a N’awlins dinner from Oceana Grill. Tonight, we will be hosting improv comedy group, Upright Citizens Brigade.
Still looking for more?

Here are a few more tips on getting involved on campus –

Participate in intramurals! We offer over 5 intramural teams!!!

Form study groups! Utilize “The Hub” Commuter Lounge or CC’s to study with your friends in between classes or when you’re done for the day!

Attend Commuter Socials. Find out dates of our future socials when you visit us on Tuesday!

Work on campus! Tired of driving back and forth from your off-campus job? Visit our Human Resources website to find out about job opportunities.

Spend time in the residence halls. You are more than welcome to utilize the residential lounges which include couches, cable TV, and allow you to hang out with residential students.

When you just go to class and then go home, feeling a part of your college community is no easy task. By getting involved on campus and making the effort to meet new people, you will become more connected to your school and make commuting to college much more interesting.

Commuter Student Association

The Commuter Student Association is in the final steps of being chartered with the Student Government Association. If you’re interested in getting involved, please e-mail Kayla Mitchell at klmitche@loyno.edu

Writing for the On The Go Newsletter
Are we missing anything? If so, write for the On the Go newsletter! If you're interested please e-mail Courtney Williams at cwilliam@loyno.edu
