**STUDENT CODE OF CONDUCT**  
**2022-2023**

**X. Participation in Institutional Government**

As constituents of the academic community, students are free, individually and collectively, to express their views on issues of institutional policy and on matters of general interest to the student body so long as their speech/conduct is orderly, lawful, does not disrupt or interfere with the regular operations or authorized activities of the University, and complies with the requirements of this policy and the Code. The student body should have clearly defined means to participate in the formulation and application of institutional policy affecting academic and student affairs. The role of SGA and both its general and specific responsibilities should be made explicit, and the actions of the SGA within the areas of its jurisdiction should be reviewed only through orderly and prescribed procedures.
